

Healthy Snacking Banners Printing Estimates

AHA has developed printer-ready artwork for healthy snacking banners to support healthy snack messaging and the AHA Sports Snack Game Plan.

- Partners may download the artwork from AHA's Toolkit on the AHA website and contact a local printer to have the banner printed. The art can be used for 12' x 4' banners and can be scaled down by a printer for 8' x 2', 6' x 2' and 4' x 2' banners.
- Partners may co-brand by having their logo added to the banner; contact Michele McKinley, mmckinley@wakeaha.org about this option.
- Banner printing expenses are quite reasonable. AHA has contacted several printers for some estimates. The estimates below are for a vinyl banner suitable for indoor and outdoor use with grommets included for hanging.
- Consider hanging banners in gymnasiums at parks and recreation facilities, youth-serving sports organizations, ball fields and schools.
- Several printing estimates are below; contact printer for exact quote and details regarding set-up and delivery fees, if applicable.

Custom Screen Printing (Downtown Cary)

Susan Johnson, 919-380-1717

12' x 4': \$134 each with \$20 set up charge

Laser Image Printing & Marketing (Durham)

Mike Dickinson, miked@laserimagenc.com, 919-361-5822, www.laserimagenc.com

- 12' x 4' = \$191.56
