

Advocates for Health in Action (AHA) and Marbles Kids Museum are partnering to present six screenings of

RESILIENCE

THE BIOLOGY OF STRESS & THE SCIENCE OF HOPE

A film directed by James Redford about Adverse Childhood Experiences (ACEs) and their impact on health, quality of life, economics and education.

Individuals and groups are invited. Tickets are free but required.

Get your free ticket at ResilienceInWake.eventbrite.com

COMMUNITY FILM SCREENINGS

MARBLES IMAX, DOWNTOWN RALEIGH

2nd Wednesday of the month
8:30 – 9:30 am

September 13, 2017

October 11, 2017

November 8, 2017

December 13, 2017

January 10, 2018

February 14, 2018

Research shows ACEs are common, they affect all socio-economic levels, and their impact on health and well-being is significant. "The child may not remember, but the body remembers."

View this highly acclaimed film to learn what ACEs are, how they increase the likelihood of disease and illness, and how together we as a community can mitigate the impact of ACEs for Wake County residents.
